## Kingman M. E. Church Services.

Sunday 11 a. m. and 8:00 p. m.; Sunday school 10 a. m.; prayer meeting Wednesday, 7:30 p. m. To all of these services a hearty invitation is extended to every person in Kingman, and also to any strangers passing through this place.  
J. M. BAXTER, Pastor.

The great register closes on the 18th of this month.

R J Ferguson and wife of Chloride, were in Kingman Thursday last.

Mrs. George W. Davis of Hackberry, presented her husband with a fine baby girl last Tuesday morning.

There are many prospectors in the hills surrounding Chloride and doubtless many good ledges will be discovered.

Mrs. Watchman and family arrived from California yesterday morning and went out to Chloride, where they will reside.

J. M. Dennis, of the J. M. Dennis Lumber Company, Williams, was in Kingman this week looking after business matters.

W. H. Rogers is home again after a two months' outing in California. His trip has improved him very much in health.

Charles Gross has located a promising mining claim near Sheron's Peak, above Chloride upon which he is doing development work.

Mrs. W. F. Grounds of Hackberry, gave birth to a twelve pound baby girl last Tuesday. Both mother and child are doing well.

Mrs. Snyder's house on Beale street is almost completed. Painters Edwards and Rocco have done a neat job on the interior and exterior of the building.

F. W. Mitchell has located a claim near the Flynn property at Chloride and is engaged in running a crosscut tunnel to tap the ledge. The surface showing is excellent.

There was born to the wife of William Aitken at Hackberry, last Tuesday morning, a baby boy. Mother and child are getting along nicely and William is supremely happy.

William Dugger and his gang of men have been distributing steel between Kingman and Franconia this week. The tracklaying gang will be in Kingman in a very short time.

The MINER extends condolence to the Mineral Wealth and its readers on the crippled condition of editor St. Charles' head. The democratic party has added its weight to keep the poor fellow from floating off like a balloon.

Dr. Theo. B. Comstock is now located at Tillman's with his surveying outfit. They will get into White Hills in about ten days. Dr. Comstock reports that a good even grade has been located from Hancock to Chloride and that little difficulties will be encountered in the matter of grading up the roadbed.

Among other things regarding affairs in Mohave county the Prescott Courier has the following to say of 3 candidates now before the people for their suffrages:

There are two candidates for justice of the peace, both good silver men and citizens, one being Thomas Baker and the other Anson Smith, the present incumbent and sprightly editor of the MINER. Judge Smith is filling the unexpired term of Judge Redman, resigned, by appointment of the board of supervisors. So far, Mr. Smith has given the best of satisfaction in his dealings with lawless element, and it is generally believed and spoken that he is the right man for the place. At all events, if he makes as good a justice of the peace for two years as he has made of his paper for nearly seventeen years, there will be no doubt about him continuing in office.

The republican county ticket has for the assembly the name of J. E. Perry. The candidate is probably a stranger to the public, but here in Mohave county his name is a household word, and his name and connection with the general mercantile and supply house of Messrs. Gaddis & Perry has made him familiar with every man within bounds of their trade. This is one among the largest mercantile houses in Arizona, and from a small beginning a few years ago their patronage now extends over northern and western Arizona and southern Utah and Nevada, and Mr. Perry has been right at the helm, along with O. D. M. Gaddis, all these years, and naught can be said of him as a citizen and business man but praise.

H. B. Hampton has gone to Kentucky to visit his old home.

Joe Morines has leased the Mexican mine in Union Basin.

George M. Bowers is home again from a trip to the Nighthawk mine.

There was born to the wife of Kean St. Charles this morning, a baby girl.

Hank Lefter, William O'Day and Finly McClellan have gone to Todd Basin.

Rev. I. G. Sigler, of California, has been appointed pastor of Kingman M. E. church.

The board of supervisors met Monday last and received the completed portion of the Coyote Hill road and arranged for the completion of the remainder.

J. N. Cohenor and Abe Lefever have gone out into the country to look after the festive voter. They are both good men and popular with the boys.

Frank Reddy, of Chloride, is in Kingman. Mr. Reddy had his ankle badly shattered by a fall in the shaft of the Schuykill mine, about a year ago and has been compelled to go on crutches ever since.

Miss Maggie Finer will leave tomorrow evening for her old home in California. A dance will be given in her honor this evening by her many friends and admirers to which the public are cordially invited.

It is rumored that the Cedar Valley Mining Company will soon inaugurate work on their Cedar Valley property on an extensive scale. The property is an excellent one and properly managed will pay big dividends.

Hereafter transient customers will be charged 50 cents for Sunday dinners at the Commercial. The meals obtained there are well worth seventy five cents and cannot possibly be put up for less than the amount charged.

Harvey Hubbs, democratic nominee for sheriff, has been on the sick list this week, but is now convalescent. Harvey will soon get out among the boys and the fight for the shrievalty will be an interesting one between him and Cohenor.

The dance in the pavilion at Chloride was well attended by the young people of that bustling camp. Supper was served at Coxino's restaurant at midnight and was quite a swell affair. The young promoters of the affair are to be congratulated on their success.

The road over Coyote Hill has been completed. Although the new road is a good piece of work the building up of the old bridge would have been a great improvement on it. Had the old bridge been built six feet and widened out it would have made a level stretch between the summit on the east side to the other side of the divide.

Rev. J. M. Baxter is returned from Tucson, where he attended the Methodist conference. Dr. Baxter has been assigned the pastorate of Flagstaff by the conference and will leave for this new field of labor next week. While in Kingman Dr. Baxter did good work in the upbuilding of the church and we commend him to the good people of Flagstaff as an earnest, conscientious worker in the Lord's vineyard.

The presence of mind of Mrs. Del Beebe saved her residence from destruction by fire Monday morning. She was preparing breakfast when she observed that the roof of the building had caught fire from the stovepipe. She promptly got a pistol and fired a number of shots in rapid succession. Men from all parts of town were on hand in an incredible short space of time and the flames subdued by the application of a few buckets of water. Little damage was done.

About ten o'clock Monday morning C. W. Nesbitt, alias Edwards, alias many other names, took his departure over the back fence of the county jail. Indians were put on the trail and followed onto the rocks about a mile east of town. At this point the clever jail breaker took great pains to conceal his trail and the Indians had great difficulty in following it. The trail they found leading from the rocky ledges lead into the Wallapai valley, but it is thought by many that he remained hid in one of the rocky recesses of the bluffs north of town until night and then made his escape eastward. The officers all over the county have been notified and the fellow may possibly be apprehended. He is the first man that successfully broke jail in Mohave county. Nesbitt is a dangerous man to be at large and had he not got away would undoubtedly have received a long term sentence in Yuma pen.

## Democrats Talk.

Last Wednesday evening the people of Kingman, regardless of party, met in Lake Hall to hear the campaign issues discussed. The hall was filled with ladies and gentlemen long before the meeting was called to order. About eight o'clock J. M. Murphy called the meeting to order and introduced E. B. O'Neill to the audience. Mr. O'Neill is not a forceful talker and made very little impression on the audience. Following O'Neill Hon. Henry Ashurst, of Williams, was introduced. Mr. Ashurst is a fluent talker, and when warmed up to his subject received considerable applause. With more experience on the stump he will equal if not surpass Thomas Fitch, the silver tongued orator. Lieut. Wiley Jones followed Ashurst. Jones is an entertaining talker and took the audience by storm. He reviewed the work of the two parties and argued by contrast that no one could make peace with his conscience and vote the republican ticket. He referred to the fact that when the issue of the free and unlimited coinage of silver came up "two years ago" the democrats took the bull by the horns and forced the issue on the eastern wing of the party. Mr. Jones failed to remember that six years ago the silver representatives to the national democratic convention walked out when Grover Cleveland was nominated and the delegation to take this action was headed by delegate to congress Maginnis, of Montana. Mr. Jones is honest in his belief and although we may not agree with him in all things we do agree that the action of the silver republicans and populists in the west is all right. They have thrown partyism to the winds when it came to the great issue of silver. He impressed the people favorably and made many friends who will not forget him in the future.

W. W. Dunbar was the next speaker. Mr. Dunbar said he attended the birth and christening of the republican party and had been in full accord with them eight years ago, since which time he had voted no party ticket. He was what might be termed a I-ryan republican, we judge from his remarks.

After Mr. Dunbar subsided the meeting was declared adjourned.

Messrs. Jones, O'Neill, Dunbar and Murphy went to Chloride Thursday morning and spoke to a large audience in the pavilion in the evening. Owing to the coolness of the night a great many of the people did not remain until the close of the addresses. Mr. Jones made a telling speech and all the boys were talking of it the next morning.

The next morning the party went on to White Hills where they received an enthusiastic reception last night. Messrs. O'Neill and Jones will return to Prescott this evening.

## Grading Contract Let.

Last Saturday the Sacramento valley railroad company of Arizona let the contract for grading the roadbed between Hancock and White Hills to C. E. Loss & Co., of Chicago. By the terms of the agreement the roadbed is to be completed to Chloride by the first of June next and the remainder of the roadbed to White Hills by the first of the following October. Col. S. B. McCannico, who has been in Chicago making arrangements for the beginning of active operations on the new road, arrived in Kingman Thursday afternoon and will call a meeting of the board of managers at an early day to ratify the contracts. Work will be begun on the grade by the first day of November.

Mr. and Mrs. John Barry came in from Chloride yesterday morning to attend the sick bed of their daughter, Mrs. C. L. Wilson, who is dangerously ill with consumption.

John W. Marshall and wife of White Hills, have gone to California on a pleasure trip.

## REPUBLICAN PLATFORM

We, the Representatives of the Republicans of the County of Mohave, Territory of Arizona, in convention assembled, declare our principles as follows:

I. We congratulate the Nation on the return of peace, and send loyal greeting to all true Republicans who believe in the rights of men and are willing to cooperate in extending all just rights to humanity.

II. We believe in the free and unlimited coinage of silver, and hereby declare our fidelity to its use as standard money, and we are in favor of its coinage at all mints of the United States on an equality with gold, at the ratio of 16 to 1, without reference to the action of any other nation.

III. We believe that the Republican party, under whose administration a foreign war has been brilliantly and successfully conducted, has won the right to complete the task of solving the territorial, colonial and commercial problems that have arisen from that war, and the Republicans of Mohave county are unanimous in expressing their views, that when our flag goes up in any land, it should never come down.

IV. That Arizona volunteers, and those who so promptly responded to the call for enlistments, have won the proud appreciation of the people of our Territory, and their devotion to duty, on the field and in the camp entitle them to the gratitude of all our people.

V. We demand the admission of Arizona to statehood and believe that the election of a Republican delegate to Congress at this time will surely bring this to pass.

VI. Believing as we do that Col. A. O. Brodie is a true representative and an able leader of the silver forces of Arizona, and is in every way worthy of fittingly representing the vast and varied interests of this great Territory in the Congress of the Nation, we pledge ourselves to aid in his triumphant election.

VII. We believe that good roads are essential to the material development of the county and an index to the intelligence of its inhabitants. The Republican party stands for the building and maintenance of roads and bridges wherever in the county it is deemed necessary that they should be built.

VIII. We have the fullest faith in, and pledge our candidates to strict economy in the performance of their duties, and to absolute fidelity to the principles herein set forth, and we cordially invite the hearty co-operation of every voter in support of the same.

Resolved, That we extend our most hearty sympathy to the widow of that most sterling champion of the silver forces of the Territory of Arizona, who so gallantly gave up his life in behalf of the freedom of a down-trodden race in the island of Cuba, Buckey O'Neill. That we will ever cherish his valiant deeds and revere his memory.

Resolved, That a copy of these resolutions be mailed to Mrs. W. O. O'Neill by the secretary.

F. W. THEIS,  
J. E. PERRY,  
WILLIAM SWEENEY,  
J. W. EMERSON,  
A. E. EALY.
